

ARAM - Associação de Radioamadores do Alto Minho I Six Meters Band Contest

RULES

1. Objectives

Promote activity in the 6 meter (50 MHz) band of the amateur radio service. Encourage initiation in competitions to the radio novice, arousing the competitive interest and their technical evolution.

2. Date and Time

From 00:00 UTC to 24:00 UTC of the fourth saturday of July; i.e., 23 of July of 2022.

3. **Scope**

International. Only contacts made by properly licensed stations are valid.

4. Categories

Two categories: FIXED and PORTABLE

Each station can participate in only one category.

5. **Band**

6 m (50 MHz), according to the recommendations of the IARU Region I Band Plan

6. Modes

CW, AM, FM, SSB.

7. Contacts

Only the first contact between two stations is valid, during the contest.

Only one grid Locator can be reported by each station, during the whole contest.

Only peer-to-peer contacts are valid. Contacts made via other means (e.g. repeaters, satellites, Echolinks, etc) must not appear in the Log and will not be ponctuated.

8. Exchange

During each QSO between two stations, the following exchange must be made and reported in the Log:

- RS(T);
- QSO serial number, starting at 001;
- 6 character Grid Locator (e.g.: IN60AG), from both stations.

It is not mandatory to exchange the QTR, however it must be registered in the Log, in UTC time zone.

9. Points

1 point per kilometre between the grids locators of each station in QSO.

Each grid locator up to the second levell (e.g. IN51) will be a multiplier.

The total score will be calculated according to the following formula:

Total score = Total Points (km) x Grids

10. The Log

Logs must be submited to ARAM until 23:59 (UTC) of <u>August 15th, 2022</u> via e-mail to the address: concurso@aram.pt.

Only one Log per station will be admitted. If a station send more than one Log, only the last Log will be considered.

Logs must be send in CABRILLO format (see. Appendix 1).

The e-mail by which the Log is sent should state "LOG CALLSIGN" in the subject field.

Somewhere in the Log, place your e-mail address.

11. Logs verification

Only the competitors who send their Logs before the deadline defined in Section 10 of this document, will be classified.

Contacts whose crossing data, relating to date, time (QTR), band, callsign, serial number and QTH locator, do not coincide or within the allowed tolerance will be considered invalid in both Logs, as it is not possible to determine which of the two stations made the mistake.

The contact time field (QTR) is allowed a tolerance of +/- 5 minutes. The value of this field must correspond to the time of QSO ended.

12. Results

The provisional results will be published on the official ARAM website at http://www.aram.pt/, until the 31st of September 2022, as well as the competitors' logs, in order to allow the submission of complaints arising from errors by the organization.

The deadline for complaints is 5 days after the publication of the provisional results.

After the deadline for complaints, any complaint will be presented to the Jury, and the provisional results will be suspended until a decision is made. If there are no complaints, after the deadline, the provisional results will be considered final.

13. Awards

The following non-cumulative trophies will be awarded in the order indicated below.

- Best score in FIXED category
- Best score in PORTABLE category
- Higher number of different callsign prefixes

Each station will only be entitled to a single trophy, with the stations positioned in the immediately lower places being recaptured, for the attribution of the trophies.

14. Awards deliveries

The awards will be delivered during the annual ARAM Radio Fair, to be held on October 8, 2022 (second Saturday of October), in Viana do Castelo.

Winning competitors who cannot attend the ARAM Radio Fair may request that the award be sent by post, upon prior payment of the respective shipping costs.

The request for sending the award by mail must be made by the interested party, by email addressed to geral@aram.pt.

ARAM will no longer be responsible for the delivery of awards that have not been claimed by the end of the calendar year of the contest.

15. Disqualifications

Will be disqualified all stations whose operator:

- Provide false or erroneous data to other competitors and/or the organization.
- Only provide points to certain competitors at the expense of others.
- Do not comply with the legal regulations of the Amateur Service.
- Transgress any of the points of this regulation.
- Do not send the Log in the correct format and within the deadline indicated in point 10.

16. **Jury**

The competition jury is coposed by radio amateurs Afonso Leitão (CT1ACS) and Maria Lomba (CS7AKV), who are prohibited from participating in the competition.

The jury is responsible for resolving omissions or doubts about the regulation, its decisions will take into account the spirit of the competition.

The jury's decisions will be unappealable.

17. Support and clarifications

Any request for support and/or clarification should be sent to contest@aram.pt.

18. Final notes

Participation in the contest presupposes full acceptance of its regulations.

On behalf of the Board of ARAM

Paulo Cunha

Paulo Cunha (President)
